

Alterra 700 XT

FULL-SIZED, FULLY LOADED

Meet the new Alterra — the recreational ATV where Duramatic™ automatic transmission, on-the-fly 2WD/4WD with locking front differential, an Arctic Cat- built H1 engine for superior power, electronic fuel injection (EFI) and the whole LED lighting package with front and rear LED lights come standard. Not to mention the rear swaybar, a hitch and a 3.000 lbs. winch. The XT package boasts EPS, aluminum rims and a automotive- style paint. All- terrain vehicles should be built for all terrains, and that's exactly why we built the Alterra.
