

Wildcat Sport LT

POUND- FOR- POUND PERFORMANCE

Legendary performance is what makes Wildcat Sport, XT and Limited models purr. Trail or off- trail, each features a low center of gravity and high power- toweight ratio, giving you better acceleration, climbing ability and top- end speed, so you can ride confident. Standard packages have a 60" wheel stance and high- performance suspension. The XT gets electronic power steering (EPS) plus packs nitrogen- charged JRi ECX shocks. The Limited boasts Elka Stage 5 shocks with high/ low compression dampening and EPS. To top it off, Carlisle® Trail Pro® 4- ply tires devour tough terrains as you ride inside full doors.
